OUR PRODUCT RANGE

- Orings
- Hydraulic seals - Piston/ Rod Seals
- Pneumatic Seals
- Oil Seal
- Bonded Seals
- Rubber Cords & Profiles
- Guide Rings - PTFE
- Teflon Products
- Oring Kits

O-rings

We supply standard size of O-Rings as per

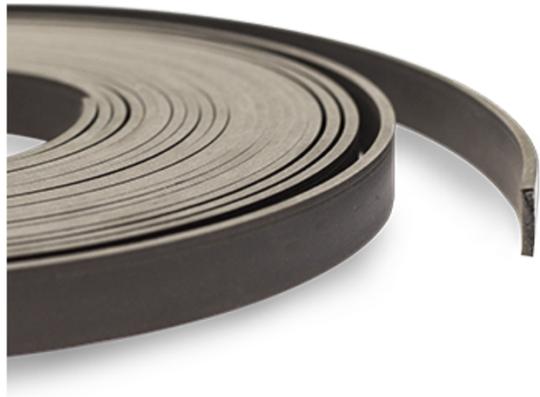

1. AS 568 (USA size standard)
2. BS 1516 (UK size standard)
3. JIS B 2401 (Japanese size standard)
4. ISO 3601/1 (ISO size standard)
5. DIN 3771/1 (German size standard)
6. GB 3452.1 (Chinese size standard) and other custom size of Metric, Imperial sizes of O-rings on order in wide range of materials : NBR / FKM / EPDM / HNBR / VMQ (Silicone) / PTFE / PU

Hydraulic Seals

We supply Hydraulic seals in the following classification:

1. Piston Seals
2. Rod Seals
3. Wiper - Dust Seals
4. Wear Ring / Guide Strip
5. Bonded Seals - Dowty Washer

Oil Seals

We supply seals as per international standards include:

1. BS1399
2. DIN3760 in metal inserted Oil Seals
3. Metal cased Oil Seals with rubber lip.

Rubber Cords

We manufacture a large selection of rubber cord in metric and inch cross sections by meter to any length in 70 Shore A Hardness.

Rubber Cord are supplied in Standard Sealing material

1. Viton (FKM)
2. Silicone (VMQ)
3. Neoprene (CR)
4. Ethylene-propylene (EPM/EPDM)

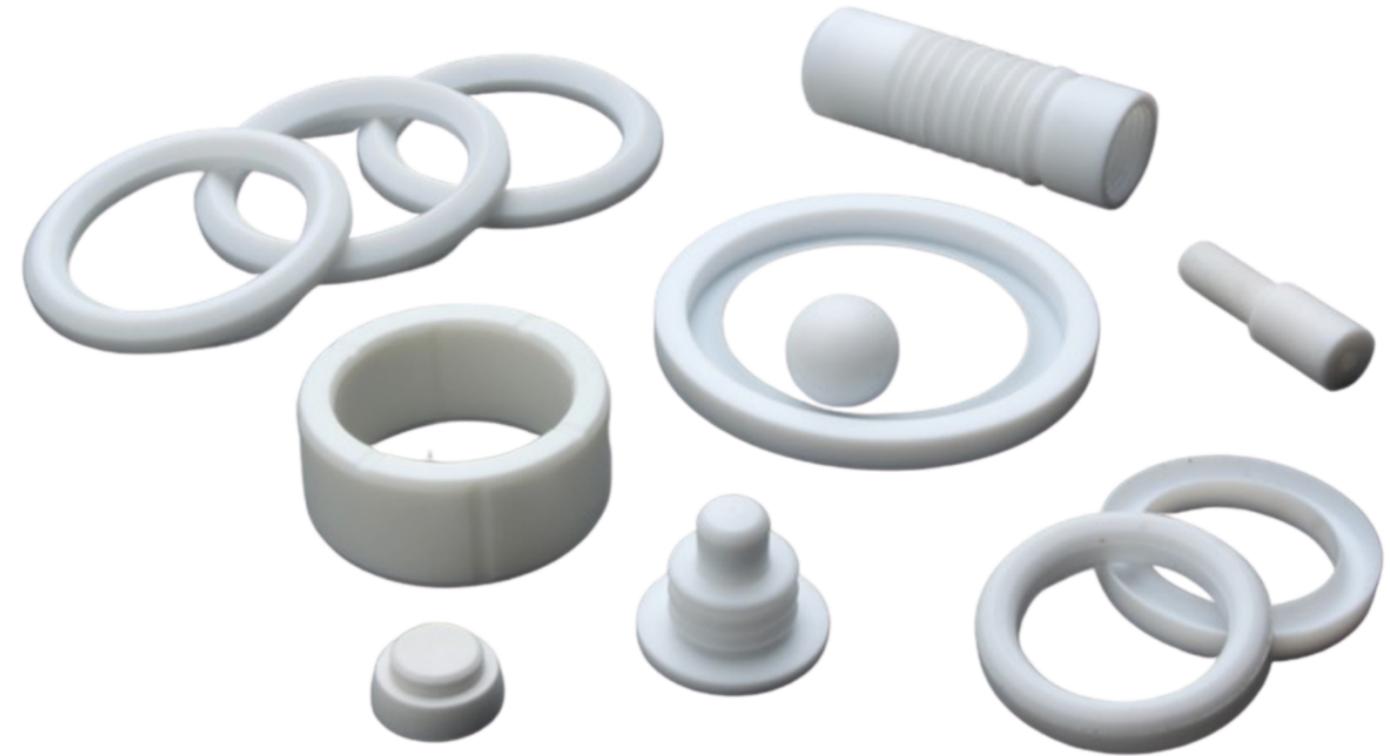

Teflon Products

Back-up Rings and PTFE products including

1. Piston Rings
2. Washer
3. O-Ring
4. V-Seals
5. Balls
6. Valve Seats
7. Wipers
8. Wear Rings,
9. Bearing
10. Rod Guide

and custom parts in wide variety of polymer products in PTFE, PTFE Filled Compounds and many combinations of high-performance materials ideally suited for use in original equipment and industrial maintenance

*PTFE products are commonly used in high temperature from minus 450F to +500F sealing applications.

O-ring Kits

1.Metric Kit : Metric O-Ring assortment **containing 386 O Rings in 30 metric sizes** commonly used in industrial and automotive applications. Sizes range in ID from 3mm to 40mm . Available in 70A Nitrile (NBR)

2.Scuba Kit : O-rings Kits are supplied in NBR Rubber as most divers use them on one-time use basis or on rental equipment. Salt water, UV, oxygen and ozone attack nitrile causing to fail, we also supply in FKM (Viton) which is far superior than nitrile it withstand against those elements which attack nitrile. O rings for HP and tank necks are in 90A hardness and LP in 70A hardness

3.Boss Seal Kit : O-Rings are used in sealing straight thread tube fittings (Boss Type) in the design and service of hydraulic equipment ,O-Rings are made of 90A Nitrile (NBR) material. This kit **contains 212 pieces of the 20 most popular 900 series O Rings.**

4.Plumber's Kit : O-Rings can be used to repair your faucet. Each Kit contains Nitrile (black rubber) o rings which will fit the faucet. This kit **contains 200 pieces of the 12 popular sizes of O Rings** suitable for all plumbing and many industrial applications
